TRIO Student Support Services is dedicated to improving retention rates through early interventions for students who are members of our program. Early intervention depends on information provided early in the semester by instructors. All of our member students have signed a release form that authorizes a release of academic records to our office. As a result faculty may release information about the students’ academic progress in full compliance with the Family Educational Rights and Privacy Act (FERPA) requirements. Thank you for your assistance and participation in the academic success of these students.
